Co-Op Dinges Award

Nomination Form

To the nominator:

The Dinges Award is presented annually to the civilian-military partnership that best exemplifies the spirit of cooperation between Lawton and Fort Sill, a key component of total community excellence. A special committee of judges representing Co-Op members and military advisors who are not eligible for awards will review all NFE Requests for Support submitted through MWR, and the tracking for each event to nominate award winners based on the following criteria:

- Most Impact from a Project
- Most Number of Civilian and Military Participants
- Most Creative

Self-Nominations will also be considered this year for projects and events worked during the period of October 2014 to August 2015, and the date of the event.

Examples of the civilian-military partners working together toward common goals are particularly important, as are civilian – military partnership activities geared to service to the Lawton Fort Sill community. Nominations are due by **15 October 2015**.
